Description

We Accept Trades! Viking 61 Convertible – Loaded with Upgrades This 61' Viking Convertible is one of the most popular models ever built by Viking, and for good reason. Known for its proven performance, seaworthiness, and spacious layout, this yacht has been extensively updated and maintained to the highest standards. Over the past few years, the seller has invested more than \$450,000 in upgrades and services, including twin Seakeepers, new Garmin electronics, FLIR night vision, and new salon upholstery, ensuring she stands apart from others in her class. Powered by twin MTU 12V2000s (1520 HP each) with 5,600 hours, along with serviced generators, all maintenance is current...
