Description

For those who are new to sailing but have a passion for speed, experiencing the thrill of cruising at 48 knots can be likened to driving an extreme supercar. The only way to truly feel this rush is to step aboard the Pershing 62, known as SEA SUITE. From the moment you enter, you are greeted by an impressive aesthetic. The sleek lines of the hull and superstructure convey a sense of speed right away. The aggressive profile and sporty essence are enhanced by the design of the hull windows, a hallmark of the "Made by Pershing" philosophy. These windows not...
